

ALERT MCKINLEY COUNTY

Get alerted about emergencies and other important community news by signing up for our new Everbridge emergency alert program, Alert McKinley County.

This system enables us to provide you with critical information quickly in a variety of situations, such as hazardous material incidents, evacuations, unexpected significant road closures, missing persons, and more.

The alerting program is available to all citizens and visitors within the physical perimeter of McKinley County.

If you were previously signed-up with CodeRed, you will need to to re-subscribe with Alert McKinley County.

How It Works

When we issue an emergency notification, you will receive a message on the voice, text, or email communication methods that you have registered. McKinley County will also be utilizing a database of public record contacts, such as phone book information, that is maintained by Everbridge, to supplement the registered contacts for certain types of emergencies.

Sign up for Notifications

Create an account and add your contact and location information into the Alert McKinley County Emergency Notification system. All information you provide will be kept strictly confidential. By creating an account you will be able to keep your contact information up to date, sign up for weather alerts, and more.
