

Dear New Landowner,

Timberlake welcomes you. TRLA Board of Directors wishes to extend out congratulations on acquiring a piece of paradise where you find huge Ponderosas, Pinions, Alligator Bark and Cedar Junipers, Gamble Oaks, plus a view of the gorgeous striated sandstone cuestas that border us on the West and South.

The variety of wildlife and birds will astound you. Enjoy the sound of the Meadowlarks and the Red-Winged Blackbirds on your morning walk or sitting on the porch of the Timberlake Community Center Ranch House. You will see small herds of Elk and Mule Deer by the lake before they disappear in the heat of the day.

Visit the Book Room on Tuesdays. There you will find a vast assortment of donated books, audio tapes, DVDs to check out for your enjoyment. While there, look over the photos and stories of the history of the Cloh Chin Toh Ranch and Timberlake Development.

We suggest that you refer to Timberlake's website www.trnews.info for links to all the information you need to be informed of HOA documents, Volunteer activities, forms, Rules and Regulations, and TRLA business/Board of Directors reports, etc.

Do not hesitate to contact Board members if you have any questions. Our contact information is on the website under "Business". We are representing you in our mission to "Protect and enhance the value and enjoyment of Timberlake Ranch and to foster community spirit and stewardship of the environment." We encourage you to assist us with mailing expenses by allowing us to use your email address when disseminating information.

Again, congratulations on acquiring a piece of quiet paradise here in Timberlake Ranch.
